	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following tations and conditions:
amo rig pla rea two mus	This permit is issued subject to existing rights. It is understood that the unt of water herein granted is only a temporary allowance and that the final water ht obtained under this permit will be dependent upon the amount of water actually ced to beneficial use. It is also understood that this right must allow for a sonable lowering of the static water level. This well shall be equipped with a (2) inch opening for measuring depth to water. If the well is flowing, a valve to be installed and maintained to prevent waste. A substantial weir or other type measuring device must be installed and measurements of water use kept. This
